Message from NOTSL Chair, Barbara Strauss

“Rocking the Metaverse: A/V Cataloging in a Web X.0 Environment” and the home of the Rock and Roll Hall of Fame – all of this seems to fit together so well! NOTSL members have a rare opportunity to mingle with catalogers who work with all the fun stuff – music, sound recordings, video recordings, streaming video and audio, maps and more.

NOTSL is co-sponsoring this fall conference with OLAC (Online Audiovisual Catalogers) and MOUG (Music OCLC Users Group) on September 26-28 at the Renaissance Hotel on Public Square in Cleveland. The real deal for NOTSL members is the Friday only option, which is full of workshops for the price of a regular NOTSL meeting (\$60). Of course, those who want to absorb more can attend the full conference.

NOTSL registrants who choose the Friday-only package will attend the opening keynote address and two of the available workshops. Among the workshops are Basic and Advanced Videorecording workshops on Friday morning and afternoon taught by Jay Weitz from OCLC. Other workshop options on Friday will be announced. On Friday evening NOTSL members can attend a reception at the newly remodeled Cleveland Museum of Art for an additional charge.

Take this opportunity to bring your A/V cataloging skills into the Web X.0 environment.
