

NOTSL Spring 2009 Meeting
Cataloging Integrating Resources
Joseph Hinger, St. John's University Law Library, Jamaica, New York
Friday, April 3, 2009
Cuyahoga County Public Library Administration Building

Back by popular demand after an abbreviated version of this workshop at the OLAC/MOUG Conference in September 2008, Joe will give a four hour workshop on cataloging integrating resources, with an emphasis on electronic resources. What are integrating resources? According to AACR2R, a bibliographic resource that is added to or changed by means of updates that do not remain discrete and are integrated into the whole. Integrating resources can be finite or continuing. Examples of integrating resources include updating loose-leaves and updating web sites.
